

Reference Materials for AI-Powered Healthcare Diagnostic System

1. Research Papers

- **"AI in Healthcare: Challenges and Opportunities"**
Overview of AI applications in healthcare.
[Read here](#)
- **"Deep Learning for Medical Imaging"**
Discusses CNNs in disease detection using medical images.
[Read here](#)

2. Tools & Technologies

- **TensorFlow/PyTorch: Popular libraries for building AI models.**
 - [TensorFlow](#)
 - [PyTorch](#)
- **Scikit-learn: For traditional ML algorithms.**
 - [Scikit-learn](#)

3. Data Handling

- **Pandas: For data preprocessing and manipulation.**
 - **Pandas Docs**
